SaniSolutions GmbH
Rehatechnik für Individualisten

Investor News, 23rd June 2020

SaniSolutions GmbH – a company of UniDevice-Group:

Berlin, Kassel, Langenfeld, 23rd June 2020 – SaniSolutions GmbH –
a company of UniDevice AG (ISIN: DE000A11QLU3) announces that a centralized expansion of the in-house production capacities takes place for the individual production of seat shells and seating systems for severely and multiple handicapped people. The expansion follows the growth in the customer base between 20% -40% at the three nationwide locations in the first half of 2020. With this measure, SaniSolutions increases flexibility and production speed. Quality assurance will be expanded further with our own capacities.

“Despite the corona pandemic, the customer base at all three locations was expanded significantly. We are grateful to the customer trust, which results in continuous growth and is taken into account with the expansion of our own capacities,"said Dr. Christian Pahl, Managing Director of SaniSolutions GmbH and CEO of UniDevice.
